

## U.S. Fish & Wildlife Service

Bear River Migratory Bird Refuge  
Brigham City, UT  
General Bird Survey  
November 10, 2013

Volunteer Kristin Purdy conducted a general bird survey (non-waterbird) on the refuge on Nov 10, 2013, recording 13 species, typical for November. Winter species have arrived on the refuge, including American pipits and American tree sparrows, and rough-legged hawks. An unusually large (~210) flock of American goldfinches was observed feeding on sunflower seeds.

Ring-necked pheasant	21
Common raven	20
Marsh wren	11
European starling	6
American pipit	29
American tree sparrow	10
